

Aster Narayanadri Hospital - ENT Clinic

Dr. Kuppm Divya Raana

About the consultant

Dr. Kuppm Divya Raana is an ENT and Otorhinolaryngologist, also called an ear nose and throat doctor or ENT surgeon. Her qualifications are MBBS and MS in ENT. She has 12 years of experience overall and 5 years as a specialist. She completed MBBS at Meenakshi Medical College and Research Institute, Enathur in 2014, and MS in ENT at Narayana Medical College, Nellore in 2021. Her medical registration is verified.

Patients we treat

The clinic treats both adults and children, including babies and infants, for ear nose and throat problems. Family members are welcome to come with the patient.

About the hospital

Aster Narayanadri Hospital, Tirupati is a 150-bed multispeciality hospital and part of DM Healthcare's group of patient-centric hospitals. The ENT clinic runs within the hospital.

Where to find us

The address is Aster Narayanadri Hospital, ENT Clinic, S Number 73/1A, Renigunta Road, Srinivasa Nagar, Tirupati. The landmark to look for is Vartha Press: the hospital is beside Vartha Press on Renigunta Road. Ask for the ENT outpatient desk when you arrive at the hospital.

Directions and map

Coming along Renigunta Road, look for Vartha Press; the hospital is immediately beside it. Tell an auto or taxi driver Aster Narayanadri Hospital on Renigunta Road, near Vartha Press. The map location is 13.62849 degrees north, 79.46382 degrees east, and searching Google Maps for Aster Narayanadri Hospital Tirupati will find it. If a caller wants the map link sent to their phone, reception can text or WhatsApp it to them: take the caller's number and pass the request to reception.

Clinic timings

The ENT clinic is open Monday to Saturday. The hospital listing shows the clinic as available from 12:00 AM to 11:59 PM, which reflects round-the-clock hospital cover rather than the consultant's own sitting hours. Please confirm Dr. Raana's consulting hours with reception when you book.

ENT services offered

The clinic sees adults and children for ear, nose, throat, and head and neck concerns. The services listed below are the ones you can ask for by name when booking.

Consultations

We offer ENT Consultation, Follow-up Consultation and Second Opinion Consultation.

Ear services

We offer Ear Examination, Ear Wax Removal for blocked ears, Hearing Test for hearing loss, Tympanometry, Ear Discharge Treatment, Grommet Insertion, Tympanoplasty to repair the ear drum, and Mastoidectomy. We also see ear pain and ear infection.

Nose and sinus services

We offer Nasal Endoscopy, Sinus Treatment for sinusitis, Septoplasty to straighten the nose, Sinus Surgery, Nasal Polyp Removal, Nose Bleed Treatment, and Allergy Testing. We also see a blocked nose and a runny nose.

Throat and voice services

We offer Throat Examination, Laryngoscopy, Tonsillectomy to remove the tonsils, Adenoidectomy to remove the adenoids, Voice and Hoarseness Assessment for voice change, and Snoring and Sleep Apnoea Assessment for snoring. We also see sore throat and difficulty swallowing.

Head and neck services

We offer Neck Swelling Assessment for a lump in the neck, Thyroid Swelling Assessment, and Head and Neck Screening.

Other services

We offer Vertigo and Balance Assessment for dizziness and giddiness, Foreign Body Removal for something stuck in the ear nose or throat, and Speech Therapy Referral.

Fees

Consultation and procedure fees are not listed in this document. Please ask reception for current charges when you book.

What to bring and when to arrive

New patients should arrive fifteen minutes early so registration can be completed before the consultation time. Please bring a photo ID, your insurance card or scheme details, any previous ENT reports or scans, and a list of the medicines you are currently taking. If you have had a hearing test elsewhere, bring the audiogram with you.

For a hearing test

Avoid loud noise for 24 hours before a hearing test, and let the audiologist know if your ears feel blocked on the day.

Appointments and enquiries

Appointments can be made by phone through hospital reception, or in person at the ENT outpatient desk. Please tell us the service you need by name so we can book the right slot length.
